Bomb

Bath time fizzy fun! Each bath bomb has a generous serve of skin loving shea butter. The sodium bicarb and citric acid soften and condition the water leaving skin soft, fragrant and ready for a spray tan.

Our selection of bath bombs will provide your clients with a full spectrum of bathtub experiences, from a relaxing deep cleanse to an invigorating recharge, and everything in between while preparing the skin for their Spray Tan. How? Sodium bicarbonate mixes with water it helps to adjust the pH levels, making the skin more alkaline, allowing the spray tan to bond better to the skin. Each bath bomb is a hand-crafted ball of goodness, a carefully considered blend of essential oils and natural ingredients to provide a transformative experience for mind and body.

Polish

Revitalize and nourish dry, itchy skin with our Polish Exfoliation, enriched with Ceylon clay, Colloidal oats and milk powder – a soothing combination to gently exfoliate the skin and prepare it for the Spray Tan. Specially formulated to invigorate your skincare routine with the power of gentle exfoliation, before a spray or self tan. Crafted with nourishing ingredients, this gentle exfoliation powder, softly buffs away dull skin cells, revealing a smoother, more radiant complexion.

A little goes a long way too and you only need a couple of shakes of powder from the pot to do the trick so this little pot of powder is going to last you over a month.

Packed with natural goodness, our exfoliating cleanser combines the soothing properties of Colloidal Oat powder with the hydrating benefits of Dehydrated Milk powder and Lavender or Rose oil, ensuring your skin feels refreshed and rejuvenated after every use. Polish provides a subtle exfoliating action, effectively removing impurities and dead skin cells without causing irritation or discomfort.

Silky

SILKY Shave Butter is a hair-softening elixir infused with moisturizing coconut oil, healing vitamin E, Aloe Vera and inflammation-fighting lavender to provide an ultra-close, long-lasting shave free of razor burn and ingrown hairs. Shaving improperly can be damaging to the skin, whether on the face, legs, or elsewhere. When removing unwanted hair, a razor applied without any substance to soothe and lubricate the skin will often irritate or even cut the skin, leaving it red, dry and inflamed. SILKY can prevent these issues as well as soothe the skin after the shave to keep it looking fresh and smooth. Additionally, it will act to prime the hair for removal so that the razor can easily scrape away all the hair with no problems, leaving your skin ready to tan.

Post Tan

Extend

Now that your client has got a perfect spray tan, how can you help them keep it looking good and lasting longer? The answer is Shibumi Extend! This luxurious moisturizer will pamper your skin and help maintain a nice glow until their next spray tanning session. One of our most popular Shibumi skincare items, Extend moisturizer is a crowd pleaser and spray tan saver! Most moisturizers contain ingredients that can harm a spray tan, but Extend is specifically designed for spray tanning and can increase the life of a spray tan by up to five days. Your clients will notice how much more vibrant their tan looks, even six days out, and they will love how soft their skin will feel. Our hand crafted EXTEND Body Butter is made with all natural Ingredients. It contains organic Shea Butter as the main ingredient. This butter will keep skin soft and moisturised, will reduce irritation from dry skin and will also restore the elasticity of your skin. It is thought that Shea Butter can also help reduce stretch marks. Our EXTEND Body Butter also contains Coconut oil which has proven to reduce the symptoms of eczema as well as hydrate dry and damaged skin. Another important ingredient in EXTEND is Vitamin E! Vitamin E is known to be a potent antioxidant protecting the skin from the damage that free radicals can cause. Last but not least... DHA, EXTEND contains a hint of the tanning ingredient DHA that will help replenish a fading tan or build a subtle glow that will keep you looking naturally glowing and hydrated.
